§ 12101. Congressional findings and purposes**(a) Findings.** The Congress finds that—

- (1) some 43,000,000 Americans have one or more physical or mental disabilities, and this number is increasing as the population as a whole is growing older;
- (2) historically, society has tended to isolate and segregate individuals with disabilities, and, despite some improvements, such forms of discrimination against individuals with disabilities continue to be a serious and pervasive social problem;
- (3) discrimination against individuals with disabilities persists in such critical areas as employment, housing, public accommodations, education, transportation, communication, recreation, institutionalization, health services, voting, and access to public services;
- (4) unlike individuals who have experienced discrimination on the basis of race, color, sex, national origin, religion, or age, individuals who have experienced discrimination on the basis of disability have often had no legal recourse to redress such discrimination;
- (5) individuals with disabilities continually encounter various forms of discrimination, including outright intentional exclusion, the discriminatory effects of architectural, transportation, and communication barriers, overprotective rules and policies, failure to make modifications to existing facilities and practices, exclusionary qualification standards and criteria, segregation, and relegation to lesser services, programs, activities, benefits, jobs, or other opportunities;
- (6) census data, national polls, and other studies have documented that people with disabilities, as a group, occupy an inferior status in our society, and are severely disadvantaged socially, vocationally, economically, and educationally;
- (7) individuals with disabilities are a discrete and insular minority who have

42 USCS § 12101**PUBLIC HEALTH AND WELFARE**

been faced with restrictions and limitations, subjected to a history of purposeful unequal treatment, and relegated to a position of political powerlessness in our society, based on characteristics that are beyond the control of such individuals and resulting from stereotypic assumptions not truly indicative of the individual ability of such individuals to participate in, and contribute to, society;

(8) the Nation's proper goals regarding individuals with disabilities are to assure equality of opportunity, full participation, independent living, and economic self-sufficiency for such individuals; and

(9) the continuing existence of unfair and unnecessary discrimination and prejudice denies people with disabilities the opportunity to compete on an equal basis and to pursue those opportunities for which our free society is justifiably famous, and costs the United States billions of dollars in unnecessary expenses resulting from dependency and nonproductivity.

(b) Purpose. It is the purpose of this Act—

(1) to provide a clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities;

(2) to provide clear, strong, consistent, enforceable standards addressing discrimination against individuals with disabilities;

(3) to ensure that the Federal Government plays a central role in enforcing the standards established in this Act on behalf of individuals with disabilities; and

(4) to invoke the sweep of congressional authority, including the power to enforce the fourteenth amendment and to regulate commerce, in order to address the major areas of discrimination faced day-to-day by people with disabilities.

Medical technologist's disclosure of his HIV status to supervisor was not result of job-related inquiry that was consistent with business necessity, as would require employer to keep confidential such disclosure under 42 USCS § 12101, where before disclosure employer made no inquiry into technologist's health, and information was obtained through private medical exam, which was non-work related. *Ballard v Healthsouth Corp.* (2001, ND Tex) 147 F Supp 2d 529, 11 AD Cas 1717.

In employee's suit for discrimination due to his disability under Americans with Disability Act (ADA), 42 USCS § 12101 et seq., where collective bargaining agreement covering employee prohibited discrimination against any employee, and employee alleged that he was fired, reinstated, and then fired again in retaliation for earlier discrimination claims, court found that (1) employee's hybrid claim under 29 USCS § 185 was barred by six month limitations period; (2) employee's claim filed with Maine Human Rights Commission (MHRC) gave adequate notice to union of employee's complaints, including his claim that union did not fairly represent him at second arbitration so as to constitute exhaustion of his administrative remedies; (3) employee's ADA claim adequately stated claims that union deliberately acquiesced in employer's discrimination and that union breached its duty of fair representation; and (4) his claim of retaliation was adequate where he alleged that union failed to assist him in grievance process. *Greenier v Pace, Local No. 1188* (2002, DC Me) 201 F Supp 2d 172, 13 AD Cas 127.

§ 12134. Regulations

(a) In general. Not later than 1 year after the date of enactment of this Act [enacted July 26, 1990], the Attorney General shall promulgate regulations in an accessible format that implement this subtitle. Such regulations shall not include any matter within the scope of the authority of the Secretary of Transportation under section 223, 229, or 244 [42 USCS § 12143, 12149, or 12164].

(b) Relationship to other regulations. Except for "program accessibility, existing facilities", and "communications", regulations under subsection (a) shall be consistent with this Act and with the coordination regulations under part 41 of title 28, Code of Federal Regulations (as promulgated by the Department of Health, Education, and Welfare on January 13, 1978), applicable to recipients of Federal financial assistance under section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794). With respect to "program accessibility, existing facilities", and "communications", such regulations shall be consistent with regulations and analysis as in part 39 of title 28 of the Code of Federal Regulations, applicable to federally conducted activities under such section 504.

(c) Standards. Regulations under subsection (a) shall include standards applicable to facilities and vehicles covered by this subtitle, other than facilities, stations, rail passenger cars, and vehicles covered by subtitle B. Such standards shall be consistent with the minimum guidelines and requirements issued by the Architectural and Transportation Barriers Compliance Board in accordance with section 504(a) of this Act [42 USCS § 12204(a)].

INTERPRETIVE NOTES AND DECISIONS

1. Eleventh Amendment immunity
2. --Constitutionality of abrogation

1. Eleventh Amendment immunity

Although units of local governments, such as cities and counties, are “state actors” for purposes of Federal Constitution’s Fourteenth Amendment, Constitution’s Eleventh Amendment does not extend its state immunity from suit by private individuals in federal court to units of local government; these entities are subject to private claims for damages under Americans with Disabilities Act (42 USCS §§ 12101 et seq.) without Congress’ ever having to rely on § 5 of the Fourteenth Amendment to render them so. *Board of Trustees v Garrett* (2001) 531 US 356, 148 L Ed 2d 866, 121 S Ct 955, 2001 CDOS 1471, 2001 Daily Journal DAR 1857, 11 AD Cas 737, 2001 Colo J C A R 968, 14 FLW Fed S 92 (criticized in *Adam v Auditor of Ohio* (2002, ND Ohio) 2002 US Dist LEXIS 20187).

Eleventh Amendment provides state employers with immunity from suit for ADA (42 USCS §§ 12101 et seq.) violations. *Palesch v Missouri Comm’n on Human Rights* (2000, CA8 Mo) 233 F3d 560, 85 BNA FEP Cas 75, 81 CCH EPD ¶ 40680.

States enjoy Eleventh Amendment immunity from suits brought in federal court by private individuals seeking money damages under Title V of ADA (42 USCS § 12203), at least where claims are predicated on alleged violations of Title I (42 USCS §§ 12111 et seq.). *Demshki v Monteith* (2001, CA9 Cal) 255 F3d 986, 2001 CDOS 5548, 2001 Daily Journal DAR 6849, 11 AD Cas 1702.

Colorado was entitled to Eleventh Amendment immunity with regard to plaintiffs’ claims that fee charged by state for handicapped parking placards violated ADA (42 USCS §§ 12101 et seq.). *Thompson v Colorado* (2001, CA10 Colo) 258 F3d 1241, 12 AD Cas 168, 2001 Colo J C A R 3954, and, *reh den* (2001, CA10 Colo) 13 AD Cas 192, 2001 Colo

42 USCS § 12202, n 2

Robinson v Kansas (2000, DC Kan) 117 F Supp 2d 1124).

Section 12202 of ADA (42 USCS § 12202) did not validly abrogate states' sovereign immunity. Reickenbacker v Foster (2001, CA5 La) 274 F3d 974, 12 AD Cas 916 (criticized in Mitchell v Mass. Dep't of Corr. (2002, DC Mass) 190 F Supp 2d 204) and (criticized in Kiman v N.H. Dep't of Corr. (2002, CA1 NH) 301 F3d 13, 13 AD Cas 783).

Congress did not act pursuant to valid grant of power when it attempted to abrogate state's immunity under ADA (42 USCS § 12202). Garrett v Univ. of Ala. at Birmingham Bd. of Trs. (2001, CA11 Ala) 276 F3d 1227, 12 AD Cas 1119, 15 FLW Fed C 167.

Regardless of whether general abrogation of state immunity for all actions under Title II of Americans with Disabilities Act, 42 USCS § 12131 et seq., exceeded congressional authority, or whether such abrogation applied to actions alleging misconduct which was not unconstitutional, it was clearly within remedial power of Congress under U.S. Const. amend XIV, § 5, to subject state corrections department and officials to prisoner's suit alleging violation of constitutional ban against cruel and unusual punishment based on their alleged failure to accommodate prisoner's disabling disease. Kiman v N.H. Dep't of Corr. (2002, CA1 NH) 301 F3d 13, 13 AD Cas 783.

Congress is within its remedial powers in subjecting states to private suit under Title II of Americans with Disabilities Act, 42 USCS § 12131 et seq., at least as Title II is applied to cases in which court identifies constitutional violation by state. Kiman v N.H. Dep't of Corr. (2002, CA1 NH) 301 F3d 13, 13 AD Cas 783.

PUBLIC HEALTH AND WELFARE

State transportation department employee's ADA (42 USCS §§ 12101 et seq.) claim is dismissed, even though 42 USCS § 12202 clearly was intended to abrogate states' Eleventh Amendment immunity, because such abrogation was not valid exercise of Congress's power under § 5 of Fourteenth Amendment. Cooley v Mississippi DOT (2000, SD Miss) 96 F Supp 2d 565, 10 AD Cas 1024 (criticized in Cisneros v Wilson (2000, CA10 NM) 226 F3d 1113, 10 AD Cas 1668, 2000 Colo J C A R 5271) and affd without op (2001, CA5 Miss) 254 F3d 70.

Virginia is immune from suit by state inmate complaining of disability discrimination, where ADA (42 USCS §§ 12101 et seq.) creates new substantive rights and clearly exceeds scope of Fourteenth Amendment, because Title II (42 USCS §§ 12131 et seq.) of ADA is not appropriate legislation under Congress's powers under § 5 of Fourteenth Amendment, and attempt to abrogate states' Eleventh Amendment immunity in § 12202 must fail. Bane v Virginia Dep't of Corrections (2000, WD Va) 110 F Supp 2d 469.

Hearing-impaired doctor's claim that Puerto Rico failed to provide him with reasonable accommodation during court hearing is dismissed, even though it is clear Congress stated its unequivocal intent to abrogate states' sovereign immunity when it enacted ADA (42 USCS §§ 12101 et seq.), where it appears Congress's desire was to achieve consistency between federally funded programs covered by Rehabilitation Act (29 USCS §§ 701 et seq.) and other government programs, because these suggestions do not serve to extend Congress's remedial authority under § 5 of Fourteenth Amendment, and Puerto Rico enjoys Eleventh Amendment immunity. Badillo-Santiago v Andreu-Garcia (2001, DC Puerto Rico) 167 F Supp 2d 194, 12 AD Cas 868.

§ 12203. Prohibition against retaliation and coercion

(a) Retaliation. No person shall discriminate against any individual because such individual has opposed any act or practice made unlawful by this Act or because such individual made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this Act.

(b) Interference, coercion, or intimidation. It shall be unlawful to coerce, intimidate, threaten, or interfere with any individual in the exercise or enjoyment of, or on account of his or her having exercised or enjoyed, or on account of his or her having aided or encouraged any other individual in the exercise or enjoyment of, any right granted or protected by this Act.

(c) Remedies and procedures. The remedies and procedures available under sections 107, 203, and 308 of this Act [42 USCS §§ 12117, 12133, 12188] shall be available to aggrieved persons for violations of subsections (a) and (b), with respect to title I, title II and title III [42 USCS §§ 12111 et seq., 12131 et seq., 12181 et seq.], respectively.

§ 12210. Illegal use of drugs

(a) In general. For purposes of this Act, the term "individual with a disability" does not include an individual who is currently engaging in the illegal use of drugs, when the covered entity acts on the basis of such use.

(b) Rules of construction. Nothing in subsection (a) shall be construed to exclude as an individual with a disability an individual who—

- (1) has successfully completed a supervised drug rehabilitation program and is no longer engaging in the illegal use of drugs, or has otherwise been rehabilitated successfully and is no longer engaging in such use;
- (2) is participating in a supervised rehabilitation program and is no longer engaging in such use; or
- (3) is erroneously regarded as engaging in such use, but is not engaging in such use;

except that it shall not be a violation of this Act for a covered entity to adopt or administer reasonable policies or procedures, including but not limited to drug testing, designed to ensure that an individual described in paragraph (1) or (2) is no longer engaging in the illegal use of drugs; however, nothing in this section shall be construed to encourage, prohibit, restrict, or authorize the conducting of testing for the illegal use of drugs.

(c) Health and other services. Notwithstanding subsection (a) and section 511(b)(3) [42 USCS § 12211(b)(3)], an individual shall not be denied health services, or services provided in connection with drug rehabilitation, on the basis of the current illegal use of drugs if the individual is otherwise entitled to such services.

(d) "Illegal use of drugs" defined. (1) In general. The term "illegal use of drugs" means the use of drugs, the possession or distribution of which is unlawful under the Controlled Substances Act (21 U.S.C. 812). Such term does not include the use of a drug taken under supervision by a licensed health care professional, or other uses authorized by the Controlled Substances Act or other provisions of Federal law.

(2) Drugs. The term "drug" means a controlled substance, as defined in schedules I through V of section 202 of the Controlled Substances Act [21 USCS § 812].

INTERPRETIVE NOTES AND DECISIONS

1. Current drug user
2. Drug rehabilitation services

1. Current drug user

Individual may be considered "current drug user" and therefore not protected by ADA (42 USCS §§ 12101 et seq.), even though he was participating in drug rehabilitation program and did not use drugs on day in question, where drug use was sufficiently recent to justify reasonable belief that it was ongoing problem rather than past problem. Wormley v Arkla, Inc. (1994, ED Ark) 871 F Supp 1079, 8 ADD 465, 3 AD Cas 1703, 66 BNA FEP Cas 1205.

Rehabilitation center's complaint alleging that city zoning appeals board discriminated against it due to animus against drug-addicted individuals may proceed, even assuming that phrase "currently engaging in illegal use of drugs" would have some application in context of governmental action impacting availability of drug rehabilitation services, where center's potential clients are for most part unknown, because it cannot be said at this stage of litigation that center's potential clients are current drug users precluded from protection of ADA (42 USCS

§§ 12101 et seq.) by § 12210(a). Discovery House, Inc. v Consolidated City of Indianapolis (1999, ND Ind) 43 F Supp 2d 997 (criticized in Pearson v Indiana High Sch. Ath. City of Indianapolis (2002, SD Ind) 2002 US Dist LEXIS 7083).

2. Drug rehabilitation services

Individuals participating in drug rehabilitation program which did not tolerate drug use were "qualified individuals" within meaning of ADA (42 USCS §§ 12101 et seq.), and inevitable small percentage of failures who were not drug-free did not defeat rights of majority of participants who were drug-free and therefore disabled under statute. Innovative Health Sys. v City of White Plains (1997, CA2 NY) 117 F3d 37, 23 ADD 197, 7 AD Cas 1284 (criticized in Clark v Chicago (2000, ND Ill) 2000 US Dist LEXIS 21515).

§ 12211. Definitions

(a) Homosexuality and bisexuality. For purposes of the definition of "disability" in section 3(2), [42 USCS § 12102(2)], homosexuality and bisexuality are not impairments and as such are not disabilities under this Act.

(b) Certain conditions. Under this Act, the term "disability" shall not include—

- (1) transvestism, transsexualism, pedophilia, exhibitionism, voyeurism, gender identity disorders not resulting from physical impairments, or other sexual behavior disorders;
- (2) compulsive gambling, kleptomania, or pyromania; or
- (3) psychoactive substance use disorders resulting from current illegal use of drugs.

Subchapter II. Distribution of Free Cigarettes.

- 731. Distribution of free cigarettes prohibited; penalty.

SUBCHAPTER I. GENERAL.

-1701. Findings and purpose.

- 1) The Council of the District of Columbia finds that the inhalation of concentrated smoke resulting from the smoking of tobacco in facilities in which public congregates is a clear danger to health and a cause of inconvenience and discomfort to persons present in such facilities.
- 2) The purpose of this subchapter is to protect the public health, comfort, environment by prohibiting smoking in certain facilities, vehicles, and restaurants open to or used by the general public.
- 3) Except to the extent that § 8 of D.C. Law 3-22 modifies the Fire Prevention Code approved pursuant to the Construction Codes Approval and Amendments Act of 1986, this subchapter is intended to complement the provisions of Part 2 of those regulations and the provisions of §§ 35-251 to 253, which regulate public conduct on public passenger vehicles. It is not the intent of this subchapter to derogate in any manner from the provisions of Fire Prevention Code approved pursuant to the Construction Codes Approval and Amendments Act of 1986 or from § 35-251(b)(1).

Notes of Decisions

In general 1

In general

Nonsmoking inmates, who were in custody of defendant District of Columbia Department of Corrections, and who alleged that defendant violated their Eighth Amendment and statutory rights by exposing them to environmental tobacco smoke (ETS), commonly known as second-hand smoke, were entitled to permanent injunction requiring defendant to take all steps necessary to assure that plaintiff inmates would be

assigned sleeping quarters with other nonsmokers and to otherwise enforce its nonsmoking policy in those areas where plaintiff inmates were compelled to be; thus, where it was required for them to use common areas with smoking prisoners, institution would be required to enforce its nonsmoking policy. 7-1702. Definitions.

For the purpose of this subchapter:

- (1) "Educational facility" means any enclosed indoor area used primarily as a library or for instruction of enrolled students, including day care centers, nursery schools, elementary schools, and secondary schools, except smoking lounges or specific smoking areas approved by the principal or president of the school, college, or university pursuant to guidelines established by the Board of Education, in the case of a public school, or by the trustees or other governing body, in the case of a college, university, or private educational institution. The term "educational facility" shall include all enclosed indoor areas supportive of instruction, including, but not limited to, classrooms, cafeterias, study areas and libraries, but excluding faculty lounges and specific areas approved by the principal of a given school pursuant to guidelines established by the Superintendent of Schools or the head of such private institutions.
- (2) "Health care facility" means any institution providing individual care or treatment of diseases or other medical, physiological, or psychological conditions, including, but not limited to, hospitals, clinics, laboratories, nursing homes or homes for the aged or chronically ill, but excluding private medical offices.
- (3) "Mayor" means the Mayor of the District of Columbia or his designated agent.
- (4) "Person" means any individual, firm, partnership, association, corporation, company or organization of any kind, including a government agency to which the health and safety laws of the District of Columbia may be applied.
- (5) "Restaurant" means a restaurant as defined in § 25-101(43), and any other establishments licensed by the District of Columbia in the business of preparing or serving food to the public. The term "restaurant" shall include coffee shops, cafeterias, luncheonettes, eateries, and soda fountains. The term "restaurant" shall not include sidewalks, terraces, or space used by restaurants to provide outdoor facilities, nightclubs, or taverns.
- (6) "Retail store" means any establishment whose primary purpose is to sell or offer for sale to consumers, not for resale, any goods, wares, merchandise or food for consumption off the premises, and all activities, operations

§ 7-1702**HEALTH CARE AND SAFETY**

and services connected therewith or incidental thereto. The term "retail store" shall not include separate areas of a retail store which are used as a restaurant.

(7) "Smoking" or "to smoke" means the act of puffing, having in one's possession, holding or carrying a lighted or smoldering cigar, cigarette, pipe or smoking equipment of any kind or lighting a cigar, cigarette, pipe or smoking equipment of any kind.

§ 7-1703.02. Regulation of smoking in any District of Columbia place.

(a) Any private or public employer in the District of Columbia ("District") shall, within 3 months of May 2, 1991, adopt, implement, and maintain a written smoking policy that contains the following provisions:

(1) Designation of an area in the workplace where smoking may be permitted. In an area where smoking is permitted, a physical barrier or separate room shall be used to minimize smoke in any nonsmoking area. Ventilation shall be in compliance with the District laws and rules that govern indoor ventilation.

TOBACCO SMOKING RESTRICTIONS**§ 7-1703.03**

(2) Notification to employees orally and in writing by conspicuously posting the employer's smoking policy within 3 weeks after the smoking policy is adopted. Any person in the workplace shall be subject to the posted smoking policy of the employer.

(b) The designation of a smoking area in the workplace affects employment relations and shall be a subject of collective bargaining in accordance with § 1-617.08(b).

(c) Nothing in the Smoking Regulation Amendment Act of 1990 shall be construed to prevent the owner or person in charge of a building or any part of a building from prohibiting smoking throughout the building or in any part of the building over which she or he has control.

7-1705. Enforcement.

- (a) The owner, lessee, manager, operator or other person in charge of a facility or vehicle where smoking is prohibited pursuant to this chapter shall:
 - (1) Post and maintain the appropriate "No Smoking" signs; and
 - (2) Ask persons observed smoking in violation of this subchapter to refrain from smoking.
- (b) Whenever the owner, lessee, manager or operator of a facility covered by this subchapter requires a license issued by the District of Columbia government in order to operate the facility, the owner, lessee, manager or operator shall comply with this subchapter as a requirement for receiving or renewing a license. Where an on-site inspection is required prior to issuance or renewal of a license, the inspector should certify that the appropriate signs have been posted. In those cases where an on-site inspection is not needed, a signed statement by the applicant that he has complied with this subchapter shall constitute sufficient evidence of compliance as required in this subsection. Violation of this subchapter shall be grounds for license suspension or revocation.
- (c) The Mayor is authorized to promulgate any regulations needed to carry the provisions of this subchapter.
- (d) An aggrieved person or class of persons may bring an action in the Superior Court of the District of Columbia for injunctive relief to prevent any owner, lessee, manager, operator or person otherwise in charge of a facility or vehicle where smoking is prohibited pursuant to this subchapter from violating, continuing to violate, any provision of this subchapter. For the purposes of this subsection, an "aggrieved person" shall be defined as any person subjected to tobacco smoke due to failure to comply with this subchapter.

§ 35.105 Self-evaluation.

(a) A public entity shall, within one year of the effective date of this part, evaluate its current services, policies, and practices, and the effects thereof, that do not or may not meet the requirements of this part, and, to the extent modification of any such services, policies, and practices is required, the public entity shall proceed to make the necessary modifications.

(b) A public entity shall provide an opportunity to interested persons, including individuals with disabilities or organizations representing individuals with disabilities, to participate in the self-evaluation process by submitting comments.

(c) A public entity that employs 50 or more persons shall, for at least three years following completion of the self-evaluation, maintain on file and make available for public inspection:

(1) A list of the interested persons consulted;

(2) A description of areas examined and any problems identified; and

(3) A description of any modifications made.

(d) If a public entity has already complied with the self-evaluation requirement of a regulation implementing section 504 of the Rehabilitation Act of 1973, then the requirements of this section shall apply only to those policies and practices that were not included in the previous self-evaluation.

§ 35.130

- (ii) Afford a qualified individual with a disability an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;
- (iii) Provide a qualified individual with a disability with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;
- (iv) Provide different or separate aids, benefits, or services to individuals with disabilities or to any class of individuals with disabilities than is provided to others unless such action is necessary to provide qualified individuals with disabilities with aids, benefits, or services that are as effective as those provided to others;
- (v) Aid or perpetuate discrimination against a qualified individual with a disability by providing significant assistance to an agency, organization, or person that discriminates on the basis of disability in providing any aid, benefit, or service to beneficiaries of the public entity's program;
- (vi) Deny a qualified individual with a disability the opportunity to participate as a member of planning or advisory boards;
- (vii) Otherwise limit a qualified individual with a disability in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.
- (2) A public entity may not deny a qualified individual with a disability the opportunity to participate in services, programs, or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.
- (3) A public entity may not, directly or through contractual, or other arrangements, utilize criteria or methods of administration:

- (i) That have the effect of subjecting qualified individuals with disabilities to discrimination on the basis of disability;
- (ii) That have the purpose or effect of defeating or substantially impairing or preventing the accomplishment of the objectives of the service, program, or activity with respect to individuals with disabilities.
- (5) A public entity, in the selection of procurement contractors, may not use criteria that subject qualified individuals with disabilities to discrimination on the basis of disability.
- (6) A public entity may not administer a licensing or certification program in a manner that subjects qualified individuals with disabilities to discrimination on the basis of disability, nor may a public entity establish requirements for the programs or activities of licensees or certified entities that subject qualified individuals with disabilities to discrimination on the basis of disability. The programs or activities of entities that are licensed or certified by a public entity are not, themselves, covered by this part.
- (7) A public entity shall make reasonable modifications in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability, unless the public entity can demonstrate that making the modifications would fundamentally alter the nature of the service, program, or activity.
- (8) A public entity shall not impose or apply eligibility criteria that screen out or tend to screen out an individual with a disability or any class of individuals with disabilities from fully and equally enjoying any service, program, or activity, unless such criteria can be shown to be necessary for the provision of the service, program, or activity being offered.
- (6) Nothing in this part prohibits a public entity from providing benefits,

§ 35.134

- (iii) That perpetuate the discrimination of another public entity if both public entities are subject to common administrative control or are agencies of the same State.
- (4) A public entity may not, in determining the site or location of a facility, make selections—
 - (i) That have the effect of excluding individuals with disabilities from, denying them the benefits of, or otherwise subjecting them to discrimination; or
 - (ii) That have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the service, program, or activity with respect to individuals with disabilities.
- (5) A public entity, in the selection of procurement contractors, may not use criteria that subject qualified individuals with disabilities to discrimination on the basis of disability.
- (6) A public entity may not administer a licensing or certification program in a manner that subjects qualified individuals with disabilities to discrimination on the basis of disability, nor may a public entity establish requirements for the programs or activities of licensees or certified entities that subject qualified individuals with disabilities to discrimination on the basis of disability. The programs or activities of entities that are licensed or certified by a public entity are not, themselves, covered by this part.
- (7) A public entity shall make reasonable modifications in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability, unless the public entity can demonstrate that making the modifications would fundamentally alter the nature of the service, program, or activity.
- (8) A public entity shall not impose or apply eligibility criteria that screen out or tend to screen out an individual with a disability or any class of individuals with disabilities from fully and equally enjoying any service, program, or activity, unless such criteria can be shown to be necessary for the provision of the service, program, or activity being offered.
- (6) Nothing in this part prohibits a public entity from providing benefits,

- (b) *Health and drug rehabilitation services.* (1) A public entity shall not deny health services, or services provided in connection with drug rehabilitation, to an individual on the basis of that individual's current illegal use of drugs, if the individual is otherwise entitled to such services.
- (2) A drug rehabilitation, or treatment program may deny participation to individuals who engage in illegal use of drugs while they are in the program.
- (c) *Drug testing.* (1) This part does not prohibit a public entity from adopting or administering reasonable policies or procedures, including, but not limited to drug testing, designed to ensure that an individual who formerly engaged in the illegal use of drugs is not now engaging in current illegal use of drugs.
- (2) Nothing in this part shall be construed to require an individual with a disability to accept an accommodation, aid, service, opportunity, or benefit provided under the ADA or this part which such individual chooses not to accept.
- (2) Nothing in the Act or this part authorizes the representative or guardian of an individual with a disability to decline food, water, medical treatment, or medical services for that individual.
- (1) A public entity may not place a surcharge on a particular individual with a disability or any group of individuals with disabilities to cover the costs of measures, such as the provision of auxiliary aids or program accessibility, that are required to provide that individual or group with the non-discriminatory treatment required by the Act or this part.
- (g) A public entity shall not exclude or otherwise deny equal services, programs, or activities to an individual or entity because of the known disability of an individual with whom the individual or entity is known to have a relationship or association.

§ 35.131 Illegal use of drugs.

- (a) *General.* (1) Except as provided in paragraph (b) of this section, this part does not prohibit discrimination against an individual based on that individual's current illegal use of drugs.
- (2) A public entity shall not discriminate on the basis of illegal use of drugs against an individual who is not engaging in current illegal use of drugs and who—
 - (i) Has successfully completed a supervised drug rehabilitation program or has otherwise been rehabilitated successfully;
 - (ii) Is participating in a supervised rehabilitation program; or
 - (iii) Is erroneously regarded as engaging in such use.

- (b) This part does not prohibit iso-lated or temporary interruptions in service or access due to maintenance or repairs.

§ 35.132 Smoking.

- (a) A public entity shall maintain in operable working condition those fea-tures of facilities and equipment that are required to be readily accessible to and usable by persons with disabilities by the Act or this part.
- (b) This section does not prohibit iso-lated or temporary interruptions in service or access due to maintenance or repairs.

§ 35.133 Maintenance of accessible fea-tures.

- (a) A public entity shall maintain in operable working condition those fea-tures of facilities and equipment that are required to be readily accessible to and usable by persons with disabilities by the Act or this part.
- (b) This section does not prohibit iso-lated or temporary interruptions in service or access due to maintenance or repairs.

(b) No private or public entity shall coerce, intimidate, threaten, or interfere with any individual in the exercise or enjoyment of, or on account of his or her having exercised or enjoyed, or on account of his or her having aided or encouraged any other individual in the exercise or enjoyment of, any right granted or protected by the Act or this part.

§ 35.135 Personal devices and services. This part does not require a public entity to provide to individuals with disabilities personal devices, such as wheelchairs, individually prescribed devices, such as prescription eyeglasses or hearing aids; readers for personal use or study; or services of a personal nature including assistance in eating, toileting, or dressing.

§ 35.136-35.139 [Reserved]

Subpart C—Employment

§ 35.140 Employment discrimination prohibited.

(a) No qualified individual with a disability shall, on the basis of disability, be subjected to discrimination in employment under any service, program, or activity conducted by a public entity.

(b) (1) For purposes of this part, the requirements of title I of the Act, as established by the regulations of the Equal Employment Opportunity Commission in 29 CFR, part 1630, apply to employment in any service, program, or activity conducted by a public entity if that public entity is also subject to the jurisdiction of title I.

(2) For the purposes of this part, the requirements of section 504 of the Rehabilitation Act of 1973, as established by the regulations of the Department of Justice in 28 CFR, part 41, as those requirements pertain to employment, apply to employment in any service, program, or activity conducted by a public entity if that public entity is not also subject to the jurisdiction of title I.

Subpart D—Program Accessibility

§ 35.149 Discrimination prohibited.

Except as otherwise provided in § 35.150, no qualified individual with a disability shall, because a public entity's facilities are inaccessible to or unusable by individuals with disabilities, be excluded from participation in, or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any public entity.

§ 35.150 Existing facilities.

(a) **General.** A public entity shall operate each service, program, or activity so that the service, program, or activity, when viewed in its entirety, is readily accessible to and usable by individuals with disabilities. This paragraph does not—

(1) Necessarily require a public entity to make each of its existing facilities accessible to and usable by individuals with disabilities;

(2) Require a public entity to take any action that would threaten or destroy the historic significance of an historic property; or

(3) Require a public entity to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. In those circumstances where personnel of the public entity believe that the proposed action would fundamentally alter the service, program, or activity or would result in undue financial and administrative burdens, a public entity has the burden of proving that compliance with § 35.150(a) of this part would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the head of a public entity or his or her designee after considering all resources available for use in the funding and operation of the service, program, or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration, a public entity shall take any other action that would

§ 35.150

not result in such an alteration or such burdens but would nevertheless ensure that individuals with disabilities receive the benefits or services provided by the public entity.

(b) **Methods—(1) General.** A public entity may comply with the requirements of this section through such means as redesign of equipment, realignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities, and construction of new facilities, use of accessible rolling stock or other conveyances, or any other methods that result in making its services, programs, or activities readily accessible to and usable by individuals with disabilities. A public entity is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. A public entity, in making alterations to existing buildings, shall meet the accessibility requirements of § 35.151. In choosing among available methods for meeting the requirements of this section, a public entity shall give priority to those methods that offer services, programs, and activities to qualified individuals with disabilities in the most integrated setting appropriate.

(c) **Time period for compliance.** Where structural changes in facilities are undertaken to comply with the obligations established under this section, such changes shall be made within three years of January 26, 1992, but in any event as expeditiously as possible.

(d) **Transition plan.** (1) In the event that structural changes to facilities will be undertaken to achieve program accessibility, a public entity that employs 50 or more persons shall develop, within six months of January 26, 1992, a transition plan setting forth the steps necessary to complete such changes. A public entity shall provide an opportunity to interested persons, including individuals with disabilities or organizations representing individuals with disabilities, to participate in the development of the transition plan by submitting comments. A copy of the transition plan shall be made available for public inspection.

(2) If a public entity has responsi-

bility or authority over streets, roads, or walkways, its transition plan shall include a schedule for providing curb ramps or other sloped areas where pedestrian walkways cross curbs, giving priority to walkways serving entities covered by the Act, including State and local government offices and facilities, transportation, places of public accom-

mmodation, and employers, followed by walkways serving other areas.

(3) The plan shall, at a minimum—

(i) Identify physical obstacles in the public entity's facilities that limit the accessibility of its programs or activities to individuals with disabilities;

(ii) Describe in detail the methods that will be used to make the facilities accessible;

(iii) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(iv) Indicate the official responsible for implementation of the plan.

(4) If a public entity has already com-

plied with the transition plan require-

ments of a Federal agency regulation implementing section 504 of the Rehabilita-

tion Act of 1973, then the require-

ments of this paragraph (d) shall apply

§ 35.151 only to those policies and practices that were not included in the previous transition plan.

§ 35.151 New construction and alterations.

(a) *Design and construction.* Each facility or part of a facility constructed by, on behalf of, or for the use of a public entity shall be designed and constructed in such manner that the facility or part of the facility is readily accessible to and usable by individuals with disabilities, if the construction was commenced after January 26, 1992.

(b) *Alteration.* Each facility or part of a facility altered by, on behalf of, or for the use of a public entity in a manner that affects or could affect the usability of the facility or part of the facility shall, to the maximum extent feasible, be altered in such manner that the altered portion of the facility is readily accessible to and usable by individuals with disabilities, if the alteration was commenced after January 26, 1992.

(c) *Accessibility standards.* Design, construction, or alteration of facilities in conformance with the Uniform Federal Accessibility Standards (UFAS) (appendix A to 41 CFR part 101-19.6 or with the Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities (ADAAG) (appendix A to 28 CFR part 36) shall be deemed to comply with the requirements of this section with respect to those facilities, except that the elevator exemption contained at section 4.1.3(5) and section 4.1.6(1)(K) of ADAAG shall not apply.

Departures from particular requirements of either standard by the use of other methods shall be permitted when it is clearly evident that equivalent access to the facility or part of the facility is thereby provided.

(d) *Alterations to historic properties.* (1) Alterations to historic properties shall comply to the maximum extent feasible, with section 4.1.7 of UFAS or section 4.1.7 of ADAAG. (2) If it is not feasible to provide physical access to an historic property in a manner that will not threaten or

§ 35.163 Information and signage.

(a) A public entity shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(b) A public entity shall provide signage at all inaccessible entrances to each of its facilities, directing users to an accessible entrance or to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each accessible entrance of a facility.

§ 35.164 Duties.

This subpart does not require a public entity to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. In those circumstances where personnel of the public entity believe that the proposed action would fundamentally alter the service, program, or activity or would result in undue financial and administrative burdens, a public entity has the burden of proving that compliance with this subpart would result in such an alteration or burdens. The decision that compliance would result in such an alteration or burdens must be made by the head of the public entity or his or her designee after considering all resources available for use in the funding and operation of the service, program, or activity and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this subpart would result in such an alteration or such burdens, a public entity shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with disabilities receive the benefits or services provided by the public entity.

Telephone emergency services, including 911 services, shall provide direct access to individuals who use TDD's and computer modems.

§ 35.165-35.169 [Reserved]

Subpart F—Compliance Procedures

§ 35.170 Complaints.

(a) *Who may file.* An individual who believes that he or she or a specific class of individuals has been subjected to discrimination on the basis of disability by a public entity may, by himself or herself or by an authorized representative, file a complaint under this part.

(b) *Time for filing.* A complaint must be filed not later than 180 days from the date of the alleged discrimination, unless the time for filing is extended by the designated agency for good cause shown. A complaint is deemed to be filed under this section on the date it is first filed with any Federal agency.

(c) *Where to file.* An individual may file a complaint with any agency that he or she believes to be the appropriate agency designated under subpart G of this part, or with any agency that provides funding to the public entity that is the subject of the complaint, or with the Department of Justice for referral as provided in § 35.171(a)(2).

§ 35.171 Acceptance of complaints.

(a) *Receipt of complaints.* (1) Any Federal agency that receives a complaint of discrimination on the basis of disability by a public entity shall promptly review the complaint to determine whether it has jurisdiction over the complainant under section 504. (2) If the agency does not have section 504 jurisdiction, it shall promptly determine whether it is the designated agency under subpart G of this part responsible for complaints filed against the public entity.

(b) *If an agency other than the Department of Justice determines that it does not have section 504 jurisdiction and is not the designated agency, it shall promptly refer the complaint, and notify the complainant that it is referring the complaint to the Department of Justice.*

(ii) When the Department of Justice receives a complaint for which it does not have jurisdiction under section 504 and is not the designated agency, it

§ 35.163 Information and signage.

(a) A public entity shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(b) A public entity shall provide signage at all inaccessible entrances to each of its facilities, directing users to an accessible entrance or to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each accessible entrance of a facility.

§ 35.164 Duties.

This subpart does not require a public entity to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. In those circumstances where personnel of the public entity believe that the proposed action would fundamentally alter the service, program, or activity or would result in undue financial and administrative burdens, a public entity has the burden of proving that compliance with this subpart would result in such an alteration or burdens. The decision that compliance would result in such an alteration or burdens must be made by the head of the public entity or his or her designee after considering all resources available for use in the funding and operation of the service, program, or activity and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this subpart would result in such an alteration or such burdens, a public entity shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with disabilities receive the benefits or services provided by the public entity.

Telephone emergency services, including 911 services, shall provide direct access to individuals who use TDD's and computer modems.

Department of Justice**28 CFR Ch. I (7-1-04 Edition)****§35.**

shall refer the complaint to an agency that does have jurisdiction under section 504 or to the appropriate agency designated in subpart G of this part or, in the case of an employment complaint that is also subject to title I of the Act, to the Equal Employment Opportunity Commission.

(3)(1) If the agency that receives a complaint has section 504 jurisdiction, it shall process the complaint according to its procedures for enforcing section 504.

(ii) If the agency that receives a complaint does not have section 504 jurisdiction, but is the designated agency, it shall process the complaint according to the procedures established by this subpart.

(b) *Employment complaints.* (1) If a complainant alleges employment discrimination subject to title I of the Act, and the agency has section 504 jurisdiction, the agency shall follow the procedures issued by the Department of Justice and the Equal Employment Opportunity Commission under section 107(b) of the Act.

(2) If a complainant alleges employment discrimination subject to title I of the Act, and the designated agency does not have section 504 jurisdiction, the agency shall refer the complaint to the Equal Employment Opportunity Commission for processing under title I of the Act.

(3) Complainants alleging employment discrimination subject to this part, but not to title I of the Act, shall be processed in accordance with the procedures established by this subpart.

(c) *Complete complaints.* (1) A designated agency shall accept all complete complaints under this section and shall promptly notify the complainant and the public entity of the receipt and acceptance of the complaint.

(2) If the designated agency receives a complaint that is not complete, it shall notify the complainant and specify the additional information that is needed to make the complaint a complete complaint. If the complainant fails to complete the complaint, the designated agency shall close the complaint without prejudice.

§35.172 Resolution of complaints.

(a) The designated agency shall investigate each complete complaint, attempt informal resolution, and, if resolution is not achieved, issue to the complainant and the public entity a Letter of Findings that shall include—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) Notice of the rights available under paragraph (b) of this section.

(b) If the designated agency finds noncompliance, the procedures in §§35.173 and 35.174 shall be followed. At any time, the complainant may file a private suit pursuant to section 203 of the Act, whether or not the designated agency finds a violation.

(a) When the designated agency issues a noncompliance Letter of Findings, the designated agency shall—

(1) Notify the Assistant Attorney General by forwarding a copy of the Letter of Findings to the Assistant Attorney General; and

(2) Initiate negotiations with the public entity to secure compliance by voluntary means.

(b) Where the designated agency is able to secure voluntary compliance, the voluntary compliance agreement shall—

(1) Be in writing and signed by the parties;

(2) Address each cited violation;

(3) Specify the corrective or remedial action to be taken, within a stated period of time, to come into compliance;

(4) Provide assurance that discrimination will not recur; and

(5) Provide for enforcement by the Attorney General.

§35.174 Referral.

If the public entity declines to enter into voluntary compliance negotiations or if negotiations are unsuccessful, the designated agency shall refer the matter to the Attorney General with a recommendation for appropriate action.

§35.175 Attorney's fees.

In any action or administrative proceeding commenced pursuant to the Act or this part, the court or agency in its discretion, may allow the prevailing party, other than the United States, a reasonable attorney's fee, including litigation expenses, and costs, and the United States shall be liable for the foregoing the same as a private individual.

§35.176 Alternative means of dispute resolution.

Where appropriate and to the extent authorized by law, the use of alternative means of dispute resolution, including settlement negotiations, conciliation, facilitation, mediation, fact-finding, mini-trials, and arbitration, is encouraged to resolve disputes arising under the Act and this part.

§35.177 Effect of unavailability of technical assistance.

A public entity shall not be excused from compliance with the requirements of this part because of any failure to receive technical assistance, including any failure in the development or dissemination of any technical assistance manual authorized by the Act.

§35.178 State immunity.

A State shall not be immune under the eleventh amendment to the Constitution of the United States from an action in Federal or State court of competent jurisdiction for a violation of this Act. In any action against a State for a violation of the requirements of this Act, remedies (including remedies both at law and in equity) are available for such a violation to the same extent as such remedies are available for such a violation in an action against any public or private entity other than a State.

§§35.179-35.189 [Reserved]**Subpart G—Designated Agencies****§35.190 Designated agencies.**

(a) The Assistant Attorney General shall coordinate the compliance activities of Federal agencies with respect to State and local government components, and shall provide policy guidance and interpretations to designated agencies to ensure the consistent and effective implementation of the requirements of this part.

(b) The Federal agencies listed in paragraph (b) (1) through (8) of this section shall have responsibility for the implementation of subpart F of this part for components of State and local governments that exercise responsibilities, regulate, or administer services, programs, or activities in the following functional areas.

(1) *Department of Agriculture.* All programs, services, and regulatory activities relating to the operation of elementary and secondary education systems and institutions, institutions of higher education and vocational education (other than schools of medicine, dentistry, nursing, and other health-related schools), and libraries.

(2) *Department of Education.* All programs, services, and regulatory activities relating to the operation of elementary and secondary education systems and institutions, institutions of

higher education and vocational education (other than schools of medicine, dentistry, nursing, and other health-related schools), and libraries.

(3) *Department of Health and Human Services.* All programs, services, and regulatory activities relating to the provision of health care and social services, including schools of medicine, dentistry, nursing, and other health-related schools, the operation of health care and social service providers and institutions, including "grass-roots" and community services organizations and programs, and preschool and daycare programs.

(4) *Department of Housing and Urban Development.* All programs, services, and regulatory activities relating to state and local public housing, and housing assistance and referral.

(5) *Department of Interior.* All programs, services, and regulatory activities relating to lands and natural resources, including parks and recreation, water and waste management, environmental protection, energy, historic and cultural preservation, and museums.

(6) *Department of Justice.* All programs, services, and regulatory activities relating to law enforcement, public safety, and the administration of

APPENDIX A TO PART 35—PREAMBLE TO REGULATION ON NONDISCRIMINATION ON THE BASIS OF DISABILITY IN STATE AND LOCAL GOVERNMENT SERVICES (PUBLISHED JULY 26, 1991)

NOTE: For the convenience of the reader, this appendix contains the text of the preamble to the final regulation on nondiscrimination on the basis of disability in State and local government services beginning at the heading "Section-by-Section Analysis" and ending before "List of Subjects in 28 CFR Part 35" (56 FR 35696, July 26, 1991).

SECTION-BY-SECTION ANALYSIS
Subpart A—General

Section 35.101 Purpose

Section 35.101 states the purpose of the rule, which is to effectuate subtitle A of title II of the Americans with Disabilities Act of 1990 (the "Act"), which prohibits discrimination on the basis of disability by public entities. This part does not, however, apply to matters within the scope of the authority of the Secretary of Transportation under subtitle B of title II of the Act.

Section 35.102 Application

This provision specifies that, except as provided in paragraph (b), the regulation applies to all services, programs, and activities provided or made available by public entities that term is defined in §35.104. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), which prohibits discrimination on the basis of handicap in federally assisted programs of handicapped persons, is included in the self-evaluation required by §35.105. In addition, activities not specifically addressed by DOT's ADA regulation may be covered by DOT's regulation implementing section 504 for its federally assisted programs and activities at 49 CFR part 27. Like other programs of public entities that are also recipients of Federal financial assistance, those airports operated by public entities are not subject to DOT's ADA regulation, they are subject to subpart A of title II and to this rule.

Some commenters asked for clarification about the responsibilities of public school systems under section 504 and the ADA with respect to programs, services, and activities that are not covered by the individuals with Disabilities Education Act (IDEA), including, for example, programs open to parents or to the public, graduation ceremonies, parent-teacher organization meetings, plays and other events open to the public, and adult education classes. Public school systems must comply with the ADA in all of their services, programs, or activities, including those that are open to parents and guardians. For instance, public school systems must provide program accessibility to parents and guardians with disabilities to these programs, activities, or services, and appropriate auxiliary aids and services whenever necessary to ensure effective communication, as long as the provision of the auxiliary aids results neither in an undue burden or in a fundamental alteration of the program.

Section 35.103 Relationship to Other Laws

Section 35.103 is derived from sections 501 (a) and (b) of the ADA. Paragraph (a) of this section provides that, except as otherwise specifically provided by this part, title II of

the public (telephone contacts, office walk-ins, or interviews) and the public's use of the entity's facilities. Activities in the second category include programs that provide State or local government services or benefits.

Paragraph (b) of §35.102 explains that to the extent that the public transportation services, programs, and activities of public entities are covered by subtitle B of title II of the Act, they are subject to the regulation of the Department of Transportation (DOT) at 49 CFR part 37, and are not covered by this part. The Department of Transportation's ADA regulation establishes specific requirements for construction of transportation facilities and acquisition of transportation facilities and acquisition of vehicles. Matters not covered by subtitle B, such as the provision of auxiliary aids, are covered by this rule. For example, activities that are covered by the Department of Transportation's regulation implementing subtitle B are not required to be included in the self-evaluation required by §35.105. In addition, activities not specifically addressed by DOT's ADA regulation may be covered by DOT's regulation implementing section 504 for its federally assisted programs and activities at 49 CFR part 27. Like other programs of public entities that are also recipients of Federal financial assistance, those airports operated by public entities are not subject to DOT's ADA regulation, they are subject to subpart A of title II and to this rule.

Some commenters asked for clarification about the responsibilities of public school systems under section 504 and the ADA with respect to programs, services, and activities that are not covered by the individuals with Disabilities Education Act (IDEA), including, for example, programs open to parents or to the public, graduation ceremonies, parent-teacher organization meetings, plays and other events open to the public, and adult education classes. Public school systems must comply with the ADA in all of their services, programs, or activities, including those that are open to parents and guardians. For instance, public school systems must provide program accessibility to parents and guardians with disabilities to these programs, activities, or services, and appropriate auxiliary aids and services whenever necessary to ensure effective communication, as long as the provision of the auxiliary aids results neither in an undue burden or in a fundamental alteration of the program.

Section 35.103 Relationship to Other Laws

Section 35.103 is derived from sections 501 (a) and (b) of the ADA. Paragraph (a) of this section provides that, except as otherwise specifically provided by this part, title II of

the ADA is not intended to apply to lesser standards than are required under title V of the Rehabilitation Act of 1973, as amended (28 U.S.C. 790-94), or the regulations implementing that title. The standards of title V of the Rehabilitation Act apply for purposes of the ADA to the extent that the ADA has not explicitly adopted a different standard than title V. Because title II of the ADA essentially extends the antidiscrimination prohibition embodied in section 504 to all actions of State and local governments, the standards adopted in this part are generally the same as those required under section 504 for federally assisted programs. Title II, however, also incorporates those provisions of titles I and III of the ADA that are not inconsistent with the regulations implementing section 504. Judiciary Committee report, H.R. Rep. No. 485, 101st Cong., 2d Sess., pt. 3, at 51 (1990) (hereinafter "Judiciary report"); Education and Labor Committee report, H.R. Rep. No. 485, 101st Cong., 2d Sess., pt. 2, at 84 (1990) (hereinafter "Education and Labor report"). Therefore, this part also includes appropriate provisions derived from the regulations implementing those titles. The inclusion of specific language in this part, however, should not be interpreted as an indication that a requirement is not included under a regulation implementing section 504.

Paragraph (b) makes clear that Congress did not intend to displace any of the rights or remedies provided by other Federal laws (including section 504) or other State laws (including State common law) that provide greater or equal protection to individuals with disabilities. As discussed above, the standards adopted by title II of the ADA for State and local government services are generally the same as those required under section 504 for federally assisted programs and activities. Subpart F of the regulation establishes compliance procedures for processing complaints covered by both this part and section 504.

With respect to State law, a plaintiff may choose to pursue claims under a State law that does not confer greater substantive rights, or even confers fewer substantive rights, if the alleged violation is protected under the alternative law and the remedies are greater. For example, a person with a physical disability could seek damages under a State law that allows compensatory and punitive damages for discrimination on the basis of physical disability, but not on the basis of mental disability. In that situation, the State law would provide narrower coverage, by excluding mental disabilities, but broader remedies, and an individual covered by both laws could choose to bring an action under both laws. Moreover, State tort claims confer greater remedies and are not preempted by the ADA. A plaintiff may join a State tort claim to a case brought under the

within 60 calendar days to a Bureau of Prisons inquiry concerning whether the victim and/or witness wishes to continue receiving notification of the inmate's release(s).

(c) A notification request by a victim and/or witness ordinarily terminates when the inmate has completed service of the sentence for the serious crime which resulted in the request for notification.

Subpart N—Smoking/No Smoking Areas

SOURCE: 59 FR 34742, July 6, 1994, unless otherwise noted.

§ 551.160 Purpose and scope.

To advance towards becoming a clean air environment and to protect the health and safety of staff and inmates, the Bureau of Prisons will restrict areas and circumstances where smoking is permitted within its institutions and offices.

§ 551.161 Definitions.

For purpose of this subpart, *smoking* is defined as carrying or inhaling a lighted cigar, cigarette, pipe or other lighted tobacco products.

§ 551.162 Designated no smoking areas.

All areas of Bureau of Prisons facilities and vehicles are no smoking areas unless specifically designated as a smoking area by the Warden as set forth in § 551.163.

§ 551.163 Designated smoking areas.

(a) At all medical referral centers, including housing units, and at minimum security institutions, including satellite camps and intensive confinement centers, the Warden shall identify "smoking areas", ordinarily outside of all buildings and away from all entrances so as not to expose others to second-hand smoke.

(b) At all low, medium, high, and administrative institutions other than medical referral centers, the Warden shall identify outdoor smoking areas and may, but is not required to, designate a limited number of indoor smoking areas where the needs of effec-

tive operations so require, especially for those who may be employed in, or restricted to, a nonsmoking area for an extended period of time.

(c) To the maximum extent practicable nonsmoking inmates shall be housed in nonsmoking living quarters.

§ 551.164 Notice of smoking areas.

The Warden shall ensure that smoking areas are clearly identified by the appropriate placement of signs. The absence of a sign shall be interpreted as indicating a no smoking area. Appropriate disciplinary action shall be taken for failure to observe smoking restrictions.

EFFECTIVE DATE NOTE: At 69 FR 13737, Mar. 24, 2004, Subpart N to Part 551 was revised, effective July 15, 2004. For the convenience of the user the revised text follows:

Subpart N—Smoking/No Smoking Areas

§ 551.160 Purpose and scope.

To advance towards becoming a clean air environment and to protect the health and safety of staff and inmates, the Bureau of Prisons will restrict areas and circumstances where smoking is permitted within its institutions and offices.

§ 551.161 Definitions.

For purpose of this subpart, *smoking* is defined as carrying or inhaling a lighted cigar, cigarette, pipe, or other lighted tobacco products.

§ 551.162 Designated smoking areas.

(a) The Warden must designate a smoking area for use in instances where smoking is part of an authorized inmate religious activity.

(b)(1) The Warden may designate only outdoor smoking areas for general inmate use (that is, for smoking which is not part of an authorized religious activity). These smoking areas must be clearly identified.

(2) The Warden, with the Regional Director's concurrence, may choose not to designate smoking areas for general use. Once this occurs, the Regional Director's concurrence is required if the Warden later chooses to designate smoking areas for general use at the institution.

Program Statement

OPI: HSD
NUMBER: 1640.03
DATE: July 1, 1994
SUBJECT: Smoking/No Smoking Areas

EFFECTIVE DATE: August 1, 1994

1. [PURPOSE AND SCOPE §551.160. To advance towards becoming a clean air environment and to protect the health and safety of staff and inmates, the Bureau of Prisons will restrict areas and circumstances where smoking is permitted within its institutions and offices.]

In correctional institutions, smoking prohibitions (no smoking areas) shall apply equally to staff and inmates. In administrative buildings, the provisions of this Program Statement shall apply to staff in those areas under the Bureau's control.

The hazards of tobacco smoke are now well established by medical and public health authorities. The risks posed to nonsmokers by passive inhalation of environmental tobacco smoke (ETS) are of particular concern. The Surgeon General has concurred with scientific research which indicates that "involuntary smoking is a cause of disease, including lung cancer, in healthy nonsmokers." On January 7, 1993, the Environmental Protection Agency (EPA) officially endorsed a report by an outside panel of scientific advisers to the agency, which stated "exposure to second-hand cigarette smoke causes lung cancer in adults and greatly increases the risk of respiratory illness in children."

Consistent with the implications raised by this report, and the advisories given by health authorities, the Bureau of Prisons has established a long-range goal of creating a smoke-free workplace and clean air environment. To achieve this objective, the Bureau

has established the Office of Health Promotion and Disease Prevention to help individuals develop a healthier lifestyle, including smoking cessation.

is defined as carrying or inhaling a lighted cigar, cigarette,
pipe or other lighted tobacco products.]

a. Warden ordinarily refers to Chief Executive Officers,
including Camp Superintendents, Staff Training Center Directors,
Regional Directors, and the Director or Assistant Directors
(including General Counsel) in the Central Office.

b. Administrative areas include Central Office, regional
offices, Management/Training Centers, UNICOR Product Support
Centers, UNICOR Regional Marketing Centers, Community Corrections

c. Hall and corridor are defined as areas which join two separate sections or rooms.

d. Kitchen and food preparation areas are defined as all areas within the institution's Food Service Department, including food storage areas and pantry areas for satellite food delivery, such as those found in special housing units.

e. Medical and dental delivery areas are defined as all areas within the institution's Health Services Department, including waiting areas and satellite treatment rooms, such as those found in satellite camps, UNICOR, and special housing units, where medical and dental treatment and care occur.

5. [DESIGNATED NO SMOKING AREAS §551.162. All areas of Bureau of Prisons facilities and vehicles are no smoking areas unless specifically designated as a smoking area by the Warden as set forth in §551.163.]

Section §551.163 is contained in Section 6 of this Program Statement.

6. [DESIGNATED SMOKING AREAS §551.163.] Ordinarily, an outdoor area, away from combustible materials, shall be designated as a smoking area.

[a. At all medical referral centers, including housing units, and at minimum security institutions, including satellite camps and intensive confinement centers, the Warden shall identify "smoking areas," ordinarily outside of all buildings and away from all entrances so as not to expose others to second-hand smoke.]

In rare and extenuating circumstances, in accordance with Joint Commission on Accreditation of Healthcare Organizations (JCAHO) guidelines, Wardens at medical referral centers may allow terminally ill and psychiatric patients to smoke indoors. Authorization shall be granted only after a physician's order has been written. The designated smoking area shall be located away from other patients in a well ventilated space, so others are not exposed to second-hand smoke.

[b. At all low, medium, high, and administrative institutions other than medical referral centers, the Warden shall identify outdoor smoking areas and may, but is not required to, designate a limited number of indoor smoking areas where the needs of effective operations so require, especially for those who may be employed in, or restricted to, a nonsmoking area for an extended period of time.]

Indoor smoking areas shall be well ventilated to the outdoors. Smoking shall not be permitted in the following areas:

- ◆ Elevators
- ◆ Storage rooms and warehouses
- ◆ Libraries
- ◆ Dining facilities
- ◆ Kitchen and food preparation areas
- ◆ Medical/dental care delivery areas
- ◆ Institution/Government vehicles
- ◆ Administrative areas and offices
- ◆ Auditoriums
- ◆ Classrooms and conference rooms
- ◆ Gymsnasiums and exercise rooms
- ◆ Restrooms
- ◆ Areas containing computer assets, in accordance with the requirements of the Program Statement on Personal Computers.

Smoking shall also not be permitted in halls or corridors, unless the Warden determines it is absolutely necessary to maintain the effective operations of the institution.

In selected areas meeting the requirements of Section 6.b., where staff are confined for extended periods, the Warden may, but is not required to, establish smoking areas depending upon the preference of the personnel involved. Ordinarily, nonsmoking employees' preference shall be the determining factor. Nonsmoking staff shall not normally be assigned, over their objection, to an indoor workspace where smoking is permitted. Normal office and administrative areas, whether occupied by individual or multiple smokers or nonsmokers, shall be nonsmoking.

Prior to designating a smoking area, the Warden shall review the physical layout and function of the institution, with particular attention to:

- ◆ Hazardous environmental factors. Special caution must be used in any area which has, or may contain, significant quantities of readily combustible or explosive liquids, gases, vapors, or solid waste.
- ◆ Ventilation and human density during use of the area. Smoking is not permitted in congested areas with poor ventilation or where ventilation systems may carry smoke to nonsmoking areas.
- ◆ Housekeeping, sanitation, and protection of property. In areas where smoking is permitted, sufficient ashtrays and other provisions for the safe and sanitary disposal of hot ashes must

be considered.

◆ Types of physical barriers separating adjacent areas. In general, areas with incomplete physical separation (e.g., with low modular office walls) shall be considered as one area.

◆ Activities undertaken in the area. Smoking is not permitted in areas used for medical or dental treatment, physical exercise, or food preparation, service, and storage.

◆ Ability of occupants to remove themselves voluntarily from the immediate environment. Special consideration must be given to areas where smoking staff and inmates may be confined for extended periods.

[c. To the maximum extent practicable nonsmoking inmates shall be housed in nonsmoking living quarters.]

In low, medium, high, and administrative institutions (other than medical referral centers) with common living areas for large numbers of inmates (e.g., jails, dormitories), living facilities, to the extent practicable, shall be separated into smoking and nonsmoking areas sufficient to accommodate all nonsmokers. When feasible, separate dormitories shall be provided for nonsmoking inmates desiring such housing.

d. At all administrative buildings (defined in Section 4), smoking areas for staff shall be established outside of all buildings and away from all entrances, so as not to expose others to second-hand smoke.

7. **[NOTICE OF SMOKING AREAS §551.164.** The Warden shall ensure that smoking areas are clearly identified by the appropriate placement of signs. The absence of a sign shall be interpreted as indicating a no smoking area. Appropriate disciplinary action shall be taken for failure to observe smoking restrictions.]

8. **SMOKING CESSATION PROGRAMS.** Each institution is encouraged to offer smoking cessation programs to both staff and inmates. Institutions, using existing resources, may pay for the costs of a smoking cessation program.

9. **INSTITUTION SUPPLEMENT REQUIRED.** Each institution shall develop an Institution Supplement containing information on its smoking restrictions and identifying smoking areas within the institution. A copy of the Institution Supplement shall be forwarded to the Regional Health Systems Administrator.

10. EXISTING LABOR-MANAGEMENT AGREEMENTS. Existing labor-management agreements regarding the implementation of a smoke-free environment shall be honored except to the extent that such agreements would permit indoor smoking in derogation of this Program Statement for more than one year beyond the effective date of this directive.

11. EFFECTIVE DATE. The provisions of this Program Statement become effective August 1, 1994. Where special implementation problems exist, the Medical Director, upon written request from a Warden through the appropriate Regional Director, may allow an extension of up to six months for compliance.

EXHIBIT 2f

Pursuant to Executive Order 13058, "Protecting Federal Employees and the Public From Exposure to Tobacco Smoke in the Federal Workplace" (3 CFR, 1997 Comp., p. 216), it is the policy of the executive branch to establish a smoke-free environment for Federal employees and members of the public visiting or using Federal facilities. The smoking of tobacco products is prohibited in all interior space owned, rented, or leased by the executive branch of the Federal Government, and in any outdoor areas under executive branch control in front of air intake ducts.
